

Brothers, tonight's presenter is Brother Eric Juzkiw.

Brother Juzkiw was initiated into the Iota Omicron Chapter of Phi Mu Alpha Sinfonia on December 2nd, 2010 at Bowling Green State University. As an collegiate member, Eric served in several roles; including Historian, Fraternity Education Officer, and President. After graduating in 2015 with a Bachelor of Liberal Studies degree, Eric ultimately found himself working at Townhall II, a Behavioral Health Counseling Agency, where Eric worked as a Billing Specialist for two years before going back to school. Eric is working towards a Masters in College Student Personnel from BGSU and is set to graduate this spring. During his Masters, Eric has worked as a Graduate Hall Director in addition to having volunteer stints with Fraternity and Sorority Life as a New Member Coach and with Esports Program as an Overwatch Coach. Eric is preparing to do job searching across the country and hopes to find a role that will allow him to help as many students be successful, whatever that ends up looking like.

The title of his presentation is "Higher Education: Where we came From, Where we are, Where we are going." Brothers, please help me welcome Brother Eric Juzkiw.
