

Brothers, allow me to introduce Brother Ryan Smith

Ryan was initiated into Phi Mu Alpha on February 20, 2016 in the Epsilon Alpha Chapter at the University of Toledo. Throughout his university years, he pursued a degree in Information Systems within the College of Business. Displaying exceptional leadership, he held the positions of President and FEO within the chapter. His dedication to Sinfonia extended beyond the chapter as he took on the role of Collegiate Province Representative for Province 2 in 2019.

After graduating, Ryan's creative spirit was ignited with the inception of Sinfonicast, a podcast tailored for the brotherhood. Through this platform, he engaged with a diverse array of guests, addressing a wide spectrum of topics relevant to the fraternity and its brothers.

Currently based in Minneapolis, Minnesota, Ryan continues to learn and grow as an IT systems administrator.

The title of his talk is "Stoking Fraternal Flames: Leveraging Substack and Discord for Powerful Alumni Engagement." Brothers, please join me in welcoming Brother Ryan Smith!
